

TVR Griffith 200 1965 front runner

Original Griffith 200 tuned by Reuben on the latest specification

Proven race winner, street legal and registered in Germany. The 1965 TVR has been raced through Europe and is very competitive in the GT category FIA 1965. The engine is fresh from the dyno with more 400 horsepower. Nice leather interior for the Gentleman racer. Eligible for most of the race series across Europe or Rallies, this car can beat anything.
